(1990-2011) TMI Focus
HEMI-LYNC Compilations

Hemi-Lync: Making Global Connections was a bulletin board that appeared regularly in the TMI Focus from 1992-2007. It was designed to connect readers with people, events, and publications around the world that had something to share about Hemi-Sync and The Monroe Institute.

Research (2006-3&4)

Institute of Noetic Sciences Senior Scientist Dean Radin, PhD, has been collaborating with TMI Research Director E Holmes “Skip” Atwater since early 2003. They are conducting an ongoing study of reduced quantum randomness associated with focused consciousness during the *GATEWAY VOYAGE*® residential program. They recently coauthored a paper, “Entrained Minds and the Behavior of Random Physical Systems,” which was presented at the Parapsychological Association Convention held in August 2006 in Stockholm, Sweden.
